# PRODUCT DESCRIPTION

**E**levate your architectural design with the Livers Bronze Belmont Railing System, offering unparalleled versatility and sophistication. With multiple post options in various shapes and materials, this railing system allows for ultimate customization. Choose from several post shapes and materials, such as sleek stainless steel or steel to tailor your railing to match your unique vision. Additionally, infill panels in glass, perforated metal, metal mesh, or acrylic cater to various aesthetics, ensuring endless possibilities. Beyond its stunning visual appeal, the Belmont Railing System prioritizes safety while seamlessly integrating into your architectural masterpiece. When designing your commercial masterpiece, it empowers you to create a signature look, where innovation, style, and safety converge. Discover limitless possibilities for your next project with this exceptional railing solution.

# LED RAILINGS

What makes LED railings from Livers Bronze truly exceptional is their adaptability to all Livers Bronze railing systems. Whether these railings are freestanding, wall mounted or attached to another Livers Bronze Railing system - the LED railing can be effortlessly integrated. This seamless compatibility ensures that you can maintain design consistency throughout your project while enjoying the benefits of energy-efficient LED lighting. LED railings from Livers Bronze are available in linear form or individual puck lighting along with multiple beam spreads and color temperatures. For more information contact Livers Bronze – the specialist in all things railing.
